Editorial

Welcome to the spring !! issue of the club newsletter. There is not much to report at the moment due to the inclement weather over the winter however hopefully this will soon turn better and we can all get some serious flying done.

Diary

April 10th – 11th ; Northants model expo at raunds . Please contact us if you are able to help on either or both days.

August 22nd ; Sywell air show at believe it or not Sywell!! .Hopefully we can arrange to have a club stand at this bi-annual show to promote the club and the upcoming BFAC comp in September, Any volunteers most welcome.

September 11th – 12th ; BFAC comp at sywell a big move this year for the club with all hands on decks needed, further details to follow once finalised.

Last issue mentioned the Harrowden fate on the same weekend as BFAC , however after consideration we have decided to give this a miss this year as it would be almost impractical for members to participate in both.

Field work

Work as started to coat the new work benches and the existing club furniture, again held up by the poor winter. We still have a list of things to do this year such as painting the container, rebuilding the fence around the crater, pond , a hard standing area for pilots, steps up from summer car park & others . if you can help in any way please feel free to ask or suggest anything else to make the site better.

On the subject of car parks a report of a car using the summer car park over the past couple of months as been observed although it is not thought to be a member of the club. If anyone spots a car there please take the registration and notify a member of the committee. Until the ground improves please use the winter car park where the container used to stand.

“Boddo”

Latest news is that david is home and recovering slowly with help from the macmillan nurses , i have sent a card on behalf of the club wishing David & Gill and family all our thoughts at this difficult time.

Any news on anything please let us know

With thanks Paul Masters CIO.
